

Karnic Bluewater 2450 is a Walkaround Daycruiser designed and built on Cyprus 2006 .

Twin Johnson 140 hp outboards with max 500 engine hours and perfectly maintained and serviced by the two owners that she has had. She has mainly been used for daytrips and some watersports, but has great capability as being good for overnight stays in the nice cabin with up to 4 beds, a nice little Pentry with a 2 -burner gas stove, a nice refrigerator (never used) and even a Porta-Potti that has never been used.

The boat has a 300 liters fuel tank and 50 liters water and is perfect even for fishing , with separate fish rinse box in the aft. The perfect boat for your daytrips, weekend trips or fishing trips. With the 2 * 140hp outboards you easy pull any water toys you want.

Boat weight is 1640 kg without the engines and is a class 4 allowing you further off-shore than many other boats.

The boat is on land in Portimão.

Trailer on pictures is not included.
